Important information about the nomination software:

We are working with software called *Award Force* for the nomination process. There are two streams for nominations- the *Provincial Sport Organization Stream* and the *Support4Sport Overall Award Stream*. It is very important that each nominee is only nominated through one stream. Please note that Sport Nova Scotia does not have the ability to modify nominations once they have been submitted, so please take your time when filling out the forms.

Support4Sport Overall Award Stream

This stream is for candidates who you would like to be selected as the automatic winner for your provincial sport organization, AND to be put in the running for an overall *Support4Sport Award* (amongst all sports).

Provincial Sport Organization Award Stream

This stream is for candidates who you would like to be selected ONLY as the automatic winner for your provincial sport organization.

If you have any questions about nominations, please contact Kate Trask at ktrask@sportnovascotia.ca.
