FUNDRAISING FUNDAMENTALS

PICK A PROJECT

Raising money for a specific project (i.e. travelling to a tournament) is generally much easier than raising "general funds". Not only is motivation higher for specific projects but the sale is often much easier when you can be specific about where the money is going.

SET GOALS

Most successful fundraising campaigns start with a goal. Setting a specific targeted amount keeps everyone focused and motivated. It's also very important to keep everyone informed about the progress (i.e. how close you are to achieving your goal). One way of doing this is to post a fundraising thermometer in your club.

BE FRIENDLY

Get the attention of the customer by using a friendly approach and be sure to make eye contact.

COMMUNICATE THE CAUSE

Let the customer know why you are raising funds (be specific).

DEMONSTRATE NEED

Show the customer how much you need to raise to achieve your goal.

EXPLAIN THE VALUE

Be sure to explain how much value is in the product you are selling.
